REQUIREMENTS FOR GENERAL ADMISSION **2022**

The high school scholastic record, **which can include the results of SAT/ACT exams and/or state exams such as New York State Regents' exams,** is of primary importance in determining a student's qualifications for admission. The Committee on Admissions also considers the applicant's character, potential, and contributions to school and community life. **The committee will also consider the essay, students' out of school activities, and interview performance.**

High School Average: To qualify for admission, a candidate must present a high school average of at least 85 or its equivalent. The Committee on Admissions may require higher averages from students who come from schools whose academic standards are not known to the committee.

Tests: **While submitting test scores is *not required* for 2022 general admissions applicants, students who wish to send scores may do so, but must know it will be factored into the application. Honors applicants **will** be required to submit test scores.**

The results of SAT/ACT exam tests supplement the high school grades. Most successful general admissions applicants have a combined score of at least 1170 in one sitting, on the critical reading and math sections of the SAT I or an equivalent score of 24 on the ACT. **Most successful honors applicants have scores in the range of a 1460 on the SAT or a 32 on the ACT.**

Optionally, applicants may also take subject-matter achievement tests such as those of the

Applicants must have maintained a B average or its GPA equivalent at the institution from which they are transferring. Students who have completed 30 or more credits will only need a college transcript (and completed application) to apply **and will not need to submit their high school record**. In order to have their previous course work evaluated, all transfer students should forward updated transcripts, syllabi and course descriptions prior to their arrival on campus.

An official letter of recommendation is required from the applicant's principal or college guidance counselor for admission into the Early Admission Program.

Applicants who are not high school graduates: Applicants who have not completed high school (or foreign applicants who do not have the equivalent diploma or cannot produce records) may be admitted if they pass the High School Equivalency examination administered by New York State (commonly called the "GED test") in addition to satisfactory performance on the College Board tests.
